## **We Take Pleasure in Presenting Our General Wholesale Price List of Seeds for 1903.**

We have spared no pains or cost to procure a stock of fine quality, growing them ourselves, or having them grown for us by the best and most reliable growers in America and Europe, and feel confident that they will do credit to all who handle them. Our prices you will find as low as those of any other reliable house, freight considered.

### **Do not be Deceived by Houses Claiming to Offer Northern Grown Seeds.**

Very few garden seeds are grown north, the bulk are from the *West*, and those offered by us are grown by and for us in localities best adapted to their perfect development. Because a house is located north it does not necessarily follow that their seeds are grown there, notwithstanding such claims are made, without foundation, for the sole purpose of securing trade. Western grown seeds are best.

### **We Carry a Large and Choice Stock of Garden Seeds**

adapted to the climate of our Western States. Orders always filled promptly at lowest market prices.

### **We import a Fine and Complete Stock of Flower Seeds and Bulbs of Superior Quality.** (See list.)

List sent on application.

### **We Call the Special Attention of our Customers to Our Large List of Tree Seeds.**

They are all fresh and genuine. We carry the largest and most complete stock in America.

### **We Make Special Prices on Job Lots.**

We have a fine and complete stock of everything in our line at low prices, and can fill orders, small or large, promptly at any time.

### **Our Railroad Facilities and Freight Rates:**

We can ship on U. P., A., T. & S. F. and C., R. I. & P. railroads to any point west, rates are same as from Kansas City and to a good many places less than from Kanaas City.

## Assorted Boxes of Garden Seeds.

To Country Merchants whose trade will not warrant to handle bulk Garden Seeds, or who prefer to have them put up ready for sale, we can furnish

Seeds put up in Fine Chromo-Lithographed Papers, printed with name of variety and directions for cultivation, in nice showy cases, containing a Select Assortment of the Standard Varieties of Vegetable Seeds for a Family Garden.

The papers of Sweet Corn, Peas and Beans for these assortments are especially put up. They are about twice as large as common papers and contain one-third pint actual measure. We also send with each box show cards and other printed matter, which, together with the reputation our seeds have, will greatly help the merchants to sell them. A live merchant will see the advantage of handling these seeds over the commissioned seeds; his profits are three times larger, and besides this he sells his customers fresh and reliable seeds and will have no trouble with them when the season is over and the harvest begins. We have two assortments, Nos. 1 and 2.
